

Before Your Love - 1/1

Interprété par Kelly Clarkson.

I wonder how I ever made it through a day
How did I settle for a world in shades of gray
When you go in circles all the sea looks the same
And you don't know how, then I looked into your eyes
And the world stretched out in front of me and I realized

(chorus)

I never lived before your love
I never fell before your touch
I never needed anyone to make me feel alive
But then again, I wasn't really living
I never lived, before your love

I wanted more than just an ordinary life
All of my dreams seemed like capsules in the sky
I stand before of you and my heart is in your hands
And I don't know how I survived without you kiss
'Cause you've given me a reason to exist

(chorus...)

And I don't know why
Why the sun decides to shine
But you breathed you love into me just in time

(chorus...)
