

Fly People Fly - 1/1

Interprété par Scorpions.

And I see the tears in your eyes
The rain will fall tonight
And tonight we'll go to the sky
Because there we fly

All together
Fly to the sky
Fly to the rainbow
Fly people fly
Fly people fly

And I see the smile on your face
When you look into space
He's so bright and he is so great
Come on or it's too late

All together
Fly to the sky
Fly to the rainbow
Fly people fly
Fly people fly

See the rainbow in the sun
The man with a gun
In the world they have no fun
Hurry up people run

All together
Fly to the sky
Fly to the rainbow
Fly people fly
Fly people fly

All together
Fly to the sky
Fly to the rainbow
Fly people fly
Fly people fly
