

Far Away - 1/1

Interprété par Scorpions.

Take your hand and you take my hand
Let's try to learn to fly
Here what I say, here what I say
Dream and close your eyes

Too much hate
Too much hate
So many things are wrong
So many ways, so many ways
Flying through the sky forever
Into another time

Yesterday so far away
Many miles together
Were looking for a way

Day by day
So far away
All the world
Should do the same

So we go together
Will you show me the way
Time is gone
It is gone

Far away, far away

And today
I'll see a way
Follow me we love you
Just listen, what I say

Forget your name and yesterday
Hold on your hand
I'll do the same

Now were going to another land
Will you show me the way
Time has gone, it has gone
Far away, far away
