

## Surrender To Me - 1/1

**Interprété par Lara Fabian.**

En Duo Avec Richard Marx )  
( Album: Flesh And Bone De Richard Marx )  
Is it that we've been together  
Much too long?  
The answer may not be in black and white  
We're always trying to prove  
Who's right or wrong  
And now we're giving up without a fight  
I know when you're gone  
I wish I'd held on

So baby surrender to me  
They'll be no holding back now  
So baby surrender to me  
Tonight

I don't want our love  
To cause you so much pain  
If this is how it's gonna be I'll walk away  
Oh, neither of us  
Should ever say goodbye  
Let's forget about the past and who's to blame  
Cause when this is all gone  
We'll wish we'd held on

Refrain

How could this love be in danger  
That used to be so good, so right  
To think that fate could make us strangers  
Just hold me in your arms tonight

Refrain
