Interprété par Scorpions.

Like it played loud Powerhouse sounds My body wants to rock and let it out Really high born Morning till dawn I'm going all the way just on and on It's gonna be wild, it's gonna be wild It's gonna be wild Now! Now! Now! Now! Now! Now!

Teach me to fly Wanna stay high I have to live it up before I die Nightlife and booze Girls to choose Are you ready, baby, come on let's cruise It's gonna be wild, it's gonna be wild It's gonna be wild Now! Now! Now! Now! Now! Now!

Getting out of control There's nothing that can bring me down Nothing I'll leave out tonight I'm feeling good, I'm living now!

Like it real hot Never can't stop I'm running down the line to the top Never stay low I'm on the go No one holds me back It's gonna be wild, it's gonna be wild It's gonna be wild Now! Now! Now! Now! Now! Now!

It's gonna be wild, it's gonna be wild It's gonna be wild Now! Now! Now! Now! Now! Now! Now!
