

Lollipop Porn - 1/1

Interprété par Crazy Town.

Dancing with the Devil
On the 13th floor
Non stop knocking
On Heaven's door
Thinking faster
Flirting with disaster plastered
I'm your puppet master
Pushin' proper data
Watch the city steal your soul
As the drugs take control
And the problems of the world
Put your life on hold
You should have known by now
That it just don't stop
You like that rock hip-hop
You make me grab my crotch
CHORUS:
I got a lollipop porn bin' complicated
Shifty say what
Epic's a beat slut
And I got so many rhymes
I can't keep my mouth shut

Repeat chorus
