

That's The Way - 1/3

Interprété par Jennifer Lopez.

Uh-huh, yeah

Darkchild, Jennifer Lopez

Let's dance

I know you see me watchin'

Although you're tryin' to play it like you don't

When I know you do

You've got that every-want thing

That kind of every-need thing

You're what I want

So come give it up, yeah

I won't stop till I get what I want

So what am I to do

Cause what I want is you

Baby, stop and think

What you and I could be

Together I know we

Can be perfectly complete

Baby, I can give you anything

If you promise to be with me

I promise I can make you happy

That's the way our love should be

No one could love you better anyway

That's The Way - 2/3

You'll never find another close to me

I promise I can make you happy And that's the way our love should be

Why are you tryin' to deny

Me of the lovin' that's mine

Just let it go, let me take control

Boy, I got just what you want

And all the love you need

Once you grab a hold

You won't let me go

I won't stop till I get what I want

So what am I to do

Cause what I want is you

Baby, stop and think

What you and I could be

Together I know we

Can be perfectly complete

Repeat 1 (2x)

If I let my actions speak

I guarantee you believe

How much I really do love you

If I could spend my whole life

Just looking into your eyes

I'll be happy just knowing you're with me

That's The Way - 3/3

Repeat 1 till end
