

Cold as ice - 1/1

Interprété par No Angels.

I could never be
I could never feel
Free without your Love
You can count on me
Truly honestly
You can trust my Love
Lying close to you
Makes me feel so blue
Feelings fade so away
If it's really true
I'll be missing you
Where's the love we had?

My Desire burns like fire
You're cold as Ice
Don't fool me anymore
Don't touch me anymore
You're cold as Ice

Oh - I don't know
What's right now
Oh - Love is gone
And now you're cold as Ice
