

Promises can wait - 1/1

Interprété par No Angels.

Promises can wait. My baby
So let's not hasitate. Let's play
I'm looking for a smile
I'm looking for a laughter
We'll think of loving after

My goodness how you have grown
Last time I saw you. You didn't know how to be a man
But I can see you've changed. To say the least
Oh baby, yeah
And maybe you're the one
At least let's have some fun, come on

Promises can wait. My baby
So let's not hasitate. Let's play
I'm looking for a smile
I'm looking for a laughter
We'll think of loving after

I'm diggin' your vibe. And now I won't lie
I've had my eye out for that special guy
I was searching far and wide
And here you are next door
And maybe you're the one
At least let's have some fun, come on

Promises can wait. My baby
So let's not hasitate. Let's play
I'm looking for a smile
I'm looking for a laughter
We'll think of loving after
