

Waiting For Your Love - 1/1

Interprété par Toto.

hands don't let her go, 'cos then the midnight icy winds will blow
eyes, give every drop this ain't the way that should've made her stop
arms, just let her know, no one fills the place she used to grow
smile, don't leave me now, 'cos you're the reason she's here anyhow

words be gentle when you speak into her heart
'cos if it breaks she may not come again

chorus:

i've been waiting for your love and it's been here all the time
right in front of me
i've been sitting, waiting for your love and all the time it's been here
right in front of me

look, forget your pride, she might kiss as you're like even tide
song, be in her heart, especially when we're apart
love, be by my side, 'cos if she leaves there ain't no place to hide
soul, be with her now, 'cos you're the first one she knew anyhow

words be gentle when you speak into her heart
'cos if it breaks she may not come again

chorus

(instrumental break)

words be gentle when you speak into her heart
'cos if it breaks she may not come again

i've been sitting, waiting for your love and all the time it's been here
right in front of me
draw the line i'll step across, even further i give in, you got me, yeah
i've been sitting, waiting for your love and all the time it's been here
right in front of me, yeah
just separated by ten thousand miles, you're not alone, girl you got me, yeah
guess i needn't tell you that i'm not around, i'm inside, you got me, yeah
i've been waiting for your love and it's been here all the time
right in front of me
