

Philadelphia - 1/1

Interprété par Neil Young.

Philadelphia

Sometimes I think that I know
What love's all about,
And when I see the light
I know I'll be all right.

I've got my friends in the world
I have my friends,
When we were boys and girls
And the secrets came unfurled.

City of brotherly love
Place I call home,
Don't turn your back on me.
I don't want to be alone.
Love last forever.

Someone is talking to me,
Calling my name.
Tell me I'm not to blame,
I won't be ashamed of love.
Philadelphia

City of brotherly love,
Brotherly love

Sometimes I think that I know
What love's all about.
And when I see the light
I know I'll be all right.
