

Scream For More - 1/1

Interprété par Kate Ryan.

Leave your worries all behind
Cause my love is calling you
The room is dark, nothing to find
Can you hear my heartbeat screamin'?

Leave your bad thoughts all behind
Cause my love is calling you
So close your eyes, follow the sight
Of my heartbeat bad screamin'

Leave your worries all behind
The room is dark, nothing to find

Refrain (x4)
Don't hide your feelings
Let's go dreamin'

Have no fear
Cause my heart will scream for more

Leave your worries all behind
Cause my heart is calling you
The room is dark, you're in my mind
Can you hear my heartbeat screamin'?

Close your eyes, give me a sign
Cause I'm here to follow you
You're in my heart, you're in my mind

Refrain

Have no fear
Cause my heart will scream for more
Let me stay with you all night long baby

Refrain

Have no fear
Cause my heart will scream for more
Let me stay with you all night long baby

Leave your worries all behind
The room is dark, nothing to find
