

## Carnival - 1/1

**Interprété par Our Lady Peace.**

You know you're not a strong man  
and you're just about to cry  
hang on, hang on  
it's alright, it's all right  
you worry about the future  
the sign said "Yoga class for cats"  
it's okay, it's okay  
It's no fun...

you're frustrated by the cracks in  
the pavement  
and every mother's back...  
once again  
the carnival closed down  
but if this world would ever turns around  
And the dynamite is waiting  
'Coz they bankrupted the sky  
It's okay, it's okay

you're frustrated by the cracks in  
the pavement  
and every mother's back...  
once again  
the carnival closed down  
but if this world would ever turns around  
You'll be there when everyone is sane  
You'll be there when everyone is sane...  
You'll be there...
