

## Bigger Stronger - 1/1

**Interprété par Coldplay.**

I wanna be bigger, stronger  
Drive a faster car  
To take me anywhere in seconds  
To take me anywhere I wanna go  
And drive around a faster car

I will settle for nothing less  
I will settle for nothing less

I wanna be bigger, stronger  
Drive a faster car  
At the touch of a button  
I can go anywhere I wanna go  
And drive around my faster car

I will settle for nothing less  
I will settle for nothing less

I think I wanna change my attitude  
I think I wanna change my oxygen  
I think I wanna change my air, my atmosphere  
I wanna be strong

I wanna be bigger, stronger  
Drive a faster car  
To take me anywhere in seconds  
To take me anywhere I wanna go  
And drive around my faster car

I will settle for nothing less  
I will settle for nothing less

I think I need to change my attitude  
I think I wanna change my oxygen  
I think I wanna change my air, my atmosphere  
I wanna be strong

Bigger and better  
Bigger and better  
Bigger and better  
Bigger and better

Bigger, stronger  
Drive a faster car  
At the touch of a button  
I can go anywhere I wanna go
