

Let's Get Married - 1/1

Interprété par Jagged Edge.

See, first of all
I know these so-called playas wouldn't tell you this
But I'mma be real and say what's on my heart
Let's take this chance and make this love feel relevant
Didn't you know I loved you from the start, yeah

When I think about
All these years we've put in this relationship
Who knew we'd make it this far?
Then I think about
Where would I be if we were to just to fall apart
And I can't stand the thought of losing you

1 - Meet me at the altar in your white dress
We ain't getting no younger, we might as well do it
Been feeling you all the while girl I must confess
Girl let's just get married
I just wanna get married

Repeat 1

Said I done it all
But frankly girl, I'm tired of this emptiness
I wanna come home to you and only you
Cause making love to just anyone ain't happening
I just gotta be with you

Do you think about
Us finishing something we started so long ago
I wanna give you my all
Do you think about maybe us having some babies
Come on won't you be my lady forever, yeah

I'm ready to commit to you
And I just can't wait for that night
Cause I need you here with me
And let's start a family

Repeat 1 till end
