

## BO A knight's tale - 1/2

Interprété par Chevalier.

By Third Eye Blind

I am the conqueror  
I taste your scent in the wind  
I set my sail but then you sink my boat  
So I begin to swim  
Bash my foes until I win  
Lances smash across my chest  
That's my quest you wonder why  
I will never die  
The only thing I bleed for is you

Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I find you in bloom  
Now that you found me  
No one's gonna get around me

I'm coming for you  
Coming for you  
Coming for you (Can we get this all together)  
Coming for you (Can we get this all)

Nothing I cannot do  
There is nothing I wouldn't do for you  
And you put me all through the worst  
I am cursed with a light that's made to burn  
That's where I shine  
And now you'll be mine

Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I beg your pardon  
Now that I've hardened  
No one's gonna get around me

I'm coming for you (Can we get this all together)  
I'm coming for you (Can we get this all together)  
Coming for you (Can we get this all together)  
Coming for you (Can we get this all together)

I am the conqueror  
Byzantine mosaic in the heat  
I am cursed, through the worst

## BO A knight's tale - 2/2

With a life that's made to burn  
That's where I shine  
And you, you, you, you, you  
Are mine, mine, mine, mine, mine!

Oceans of love  
I've crossed them for you  
In the matrix of your garden  
I find you in bloom  
Now that I've found you  
No one's gonna get around me

I'm coming for you (Can we get this all together)  
I'm coming for you (Can we get this all together)  
Coming for you (Can we get this all together)  
Coming for you (Can we get this all together)

I am the conqueror  
I am the conqueror  
I, am the conqueror  
I am the conqueror  
I, am the conqueror  
I am the conqueror  
Am the conqueror
