

# Did You Ever Think - 1/1

Interprété par R Kelly.

Chorus  
Did you ever think that you would be this rich  
Did you ever think that you would have these hits  
Did you ever think that you would be the don  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid  
Were there times where your ass was real afraid  
Did you ever think that you would sell out tours  
Have a show with fifty million viewers  
I used to think about how I was gonna make it  
Struggling day to day trying to get this paper  
Hoping the day would come when things would go my way  
And now I'm living lavish and all I do is think and say  
Chorus  
Did you ever think that you would be this rich  
Did you ever think that you would have these hits  
Did you ever think that you would be the don  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid  
Were there times where your ass was real afraid  
Did you ever think that you would sell out tours  
Have a show with fifty million viewers  
Now I've been around the world seen so many things  
Partied in every club nothing but VIP  
I never take for granted these luxuries I have  
Just try my best to answer all of these questions that I ask  
Chorus(2x)  
I used to play the game and like the same ole same  
Dreamin' bout city lights it was my only life  
And now this world I chose as if I did not own  
Now I can't go nowhere without you all wanting to know  
Chorus  
I used to dream about this life  
Now I'm sitting on the first class flights VIP  
Chorus(5X)
