

Bringin' da noise - 1/3

Interprété par N Sync.

Bringin' da noise
Bring down the house
We came here to turn the party out
Say come on come on
Let's raise the roof
And give 'em proof
That we can get loose ya'll

Bringin' da noise

Say come on come on
Let's raise the roof
And give 'em proof
That we can get loose ya'll

JC:
We need to get down
The scene is set so right
Everybodies in the house tonight
Lose your mind
Let your body take control
You've got to feel it in your soul

I've got that feeling baby
You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it ya'll
So make it louder ya'll

JC:
And turn it up some more

Bringin' da noise
Bring down the house
We came here to turn the party out
Say come on come on
Let's raise the roof
And give 'em proof
That we can get loose ya'll

Just shake it girl
And enjoy the ride
Do what you feel inside
Cause it's your world
All you want and more
So baby go and get yours

You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it ya'll
So make it louder ya'll
And turn it up some more (more more more)
