

Work Me Slow - 1/1

Interprété par Bad Boys.

BY Xscape

Play me some music
And pour me some wine
I'm in the mood now
Got love on my mind
I want you to know
That I like it real slow
And whenever you're ready
You can slide off my clothes
And touch my body, anywhere
I'm yours tonight, make it right
Baby just take me there

[Chorus]

Take your time & work me slowly
Work it
'Cause I'm the kind of girl who needs the kind of guy that can last
Work it, work it
Don't need a man around if you're slowin' down too fast
You gotta work me slowly

Now change your position
And keep it right there
Just go with my motions
Run your hands through my hair
I hope you don't mind it
If I let out a scream
'Cause it's feelin' too good to me
It's more than I dreamed
It's more than pleasure
It's ecstasy
Up & down, 'round & 'round
Baby just come with me
Take your time

[Chorus]

Then in the morning
We'll do it all over again
(We'll do it all over again)
I don't want this feeling to ever end, no (no, no)
I can't believe how you're lovin' me
You get me off (baby you get me off)
I can't believe you're still strokin' me
'Cause baby you're taking it all

[Chorus to fade]
