

## He'll Never Be... ( What I Used To Be To You ) - 1/2

Interprété par 98 Degrees.

I heard you found yourself a new man  
And you say you're happy as can be  
No one can play the game like you can  
But does he give you everything you need  
But in good time  
You're gonna find  
You're eyes were closed  
And your heart was blind  
Now it's too late to change your fate  
Cause there's no way he'll ever take my place

He'll never be  
What I used to be to you  
So if you wanna play the fool  
Then make that move  
And do what you gotta do  
You'll never find  
A heart that is half as true  
I guess you really never knew  
But soon you'll see  
That he'll never be  
What I used to be to you

Does he even have a notion  
Of what you really feel inside  
Are you going through the motions  
Livin' in a lie like you're satisfied  
But late at night  
You realize  
There's somthin' tellin' you it just ain't right  
It's not the same  
Am I to blame  
And when you're with him  
Do you call my name

He'll never be  
What I used to be to you  
So if you wanna play the fool  
Then make that move  
And do what you gotta do  
You'll never find  
A heart that is half as true  
I guess you really never knew  
But soon you'll see  
That he'll never be  
What I used to be to you

## He'll Never Be... ( What I Used To Be To You ) - 2/2

I gave you all my love  
What were you thinking of  
Guess it was just a game  
It's all the same to you  
Too late to try again  
This story's at an end  
It's time for movin' on  
Now what ya gonna do

But in good time  
You're gonna find  
You're eyes were closed  
And your heart was blind  
Now it's too late to change your fate  
Cause there's no way he'll ever take my place

He'll never be  
What I used to be to you  
So if you wanna play the fool
