

One Day - 1/2

Interprété par Simple Plan.

Sometimes this house feels like a present
That I just can't leave behind
So many rules I've got to follow
Cause you can let go
I don't want to hear it
And I just can't believe it
All the stupid things you say

But one day
I won't take this anymore
One day
I'll be old enough to do
What I want to
I want have to run away
And you won't be there
To say I'm not allowed to
One day

Sometimes I wonder
If you know me
Or If you just pretend to care
So tell me are you in a mission?
To bring me down
I don't want to hear it
And I just can't believe it
All the stupid things you say

But one day
I won't take this anymore
One day
I'll be old enough to do
What I want to
I want have to run away
And you won't be there
To say I'm not allowed to
One day

Go away, don't look at me
Cause we're not the same
And we can't do nothing
You can't say, that's not ok
But I'm not afraid
And you can't do nothing

But one day
I won't take this anymore
One day

One Day - 2/2

I'll be old enough to do
What I want to
I want have to run away
And you won't be there
To say I'm not allowed to
One day
