

Tell Me How You Feel - 1/1

Interprété par Joy Enriquez.

you're on my mind had another sleepness nite
and all i think about is that i want you here and now
all i wanna say is that i want you in my life
i need you to hold me make me feel so rite
theres no other love oh yea
you're everything that im looking for and more
so tell me why, why are you so shy
when you're walking right by i get this feeling inside

::chorus::

baby i want you but i dont know what to say
i see you everyday when you come around my way
i want you to know that im in love with you
so baby come on come on and tell me how you feel

my friends say that im wasting my time
but i dont listen to them
cuz i know you're gonna be mine
they dont understand the feelings inside
all i want from you is that you give me a sign
tell me how you feel, tell me how you feel
i can see it in ur eyes when you're walking by
you feel me i feel you too
why are u so shy when u walk by
i get this feeling inside

::chorus::

baby i want you but i dont know what to say
i see you everyday when you come around my way
i want you to know that im in love with you
so baby come on come on and tell me how you feel

i know that it's you that holds the key to my heart
and i don't what i would do if i can't have your love
how you feel

::chorus::

baby i want you but i dont know what to say
i see you everyday when you come around my way
i want you to know that im in love with you
so baby come on come on and tell me how you feel

baby i want you but i dont know what to say
i see you everyday when you come around my way
i want you to know that im in love with you
so baby come on come on and tell me how you feel
