

I Do - 1/1

Interprété par Weezer.

All the times you came I should've ran away

You told me that you'd always love me You told me that you'd always love me

And the games you played Were meant to lead me on

You told me that you'd always love me You told me that you'd always love me Always, oooh always I do

You told me that you'd always love me You told me that you'd always love me Always, oooh always I do

Never more again Will I believe the sun
