

## Gold - 1/1

**Interprété par Beverly Knight.**

Some people never recognize it  
Though it's right before their eyes  
And shine in all it's glory  
They never ever see  
They take something that looks just like it  
And it may glitter for a time  
But gold it will never be

I guess you never held on to quality  
Or you woulda recognised by now  
Something so special so true  
When it's standing right in front of you

- Chorus -  
I'm gold babe  
Catch in the slipstream  
Passing by the fools who just don't know  
Pure gold babe  
You're looking at the real thing  
If you knew my worth you wouldn't let go oh no

Gold lies in rivers undiscovered  
Hidden from the sight of those  
Who don't know what to look for  
And they ain't never gonna find it  
Sometimes the value is uncovered  
Other times it's cast aside  
By those who are just unsure

I guess you never held on to quality  
Or you woulda recognised by now  
Something so special so true  
When she's standing right in front of you

- Chorus -

All the things you failed to see  
Separated you from  
I decide who wins my time  
And who comes inside yeah  
Cause what is true and what is real  
Finds a way of being revealed  
I don't have to even try  
Cause I'm certified pure

- Chorus -
