

Can You Help Me - 1/2

Interprété par Usher.

Umm Why, Umm Why

Living on the edge outta control
And the world just won't let me slow down
But in my biggest picture was a photo of you and me
Girl you know I try
i work hard to provide all the material things
that I thought that would make you happy
I'm confused can you make me understand
Cause I try to give you the best of me
I thought we were cool maybe I was blind
But never took time to see!

will u help me?
Tell me what you want from me
Can u help me?
Tell me why you wanna leave
Baby help me
Without you my whole world is falling apart
And I'm going crazy! Life's a prison when you're in love alone

(Oh girl) I need you come back home (you know I need you) I don't want to be alone

Girl I put your love up on the shelf
And I guess I didn't have to go that
Knowing together, cause I hurt you many times
And now your not around
I wish for every moment in time
That I wasted we used it to make sweet love.
Baby be my guide please take my hand
Want you to know that I got you.
If you need it. I don't want to be on the outside looking in
I got to have you girl can't you see it.
Will you help me?
Tell me what you want from me

Can u help me?
Tell me why you want to leave
Baby help me
Cause without you my whole world is falling apart
And with out I think I'll go crazy! Life's a prison when your in love alone

(Oh girl) I need you come back home (you know I need you) I don't want to be alone

(Please stay don't go) To give me another chance I want to be your man
Girl, you got me down here on my knees
Crying, begging pleading
