

Music - 1/1

Interprété par John Miles.

Music was my first love
And it will be my last
Music of the future
And music of the past

To live without my music
Would be impossible to do
In this world of troubles
My music pulls me through

(instrumental)

Music was my first love
And it will be my last
Music of the future
And music of the past
And music of the past
And music of the past

(instrumental)

Music was my first love
And it will be my last
Music of the future
And music of the past

To live without my music
Would be impossible to do
'Cuz in this world of troubles
My music pulls me through
