

Just Around The Eyes - 1/2

Interprété par Faith Hill.

Just around the eyes

That's where you remind me

Of someone I left behind me

I'm sorry if I stare

But you must have stirred a memory

And it caught me by surprise

But it was only for a moment

And just around the eyes

Something In yur touch

Took me back a long way

And made me say the wrong name

I wish I could explain

But if I had to tell you

Where a small resemblance lies

It's something in your touch and just around the eyes

I'm over him completely

I rarely think about him at all

So when I look at you

Tell me what should I do

With the little bit of him that I saw

Only when you smiled

Just Around The Eyes - 2/2

You could have bowled me over

A memory out of nowhere

That came and went so fast

Don't tell me I still love him, that has to be a lie

It's just something in your touch

And only when you smile and only for a moment

Just around the eyes
