

Just About Now - 1/2

Interprété par Faith Hill.

Just about now I'd be watching you wake up

Feeling my heart beat with yours

Just about now is when we would make love

Like all of the mornings before

But I know it don't help to turn the clock back

'Cause I'm not gonna make it 'til I face this act

Chorus

This is not about traing to go back in time

This is not about where I'll be a year down the line

It's just moment to moment, surviving somehow

This is not about then, this is just about now

Just about now you'd pull in the driveway

And I'd be there waving hello

Run to my arms, you'd kiss me and hold me

As if you'd never let go

And it's just about now when the tears start to fall

I wonder if I'm gonna make it at all

Repeat Chorus

Just About Now - 2/2

It's just moment to moment, surviving somehow

This is not about then, this is just about now
