

Love Ain't Like That - 1/2

Interprété par Faith Hill.

You can't buy it at the store

Try it on for size

Then bring it back if it don't feel right

No love, love ain't like that

You can't trade it in

Like an automobile

That's got too many miles an' rust on it's wheels

No love, love ain't like that

Love ain't that easy to define

You can't build it by design

It takes its own sweet time

It don't fall from the sky

Like a tiny drop of rain

That hits you right between the eyes one day

No love, love ain't like that

You can't put your money down

An' just roll the dice

Think you're gonna win it all some night

No love, love ain't like that

Love Ain't Like That - 2/2

Love ain't that easy to define

You can't build it by design

It takes its own sweet time

You can't buy it at the store

Try it on for size

Bring it back if it don't feel right

No love, love ain't like that

Love, no love, love, love ain't like that

Can't trade it in like an automobile

Too many miles and rust on the wheels

No love, no love no, it ain't like that

Love, love, love, love, love, love, love

Oh love, it ain't like that

It don't fall from the sky

You can't trade it in

Can't buy it at the store

Then take it back again
