

Teach me how to love - 1/2

Interprété par David Charvet.

I don't want to slip
I don't want to trip
Fallin' in love again
'Cause that's the way it's always been

I wanna get it right
It's the time of my life
Picken up the pieces
That I know I left behind

I can feel it coming back again
Got to give it one more try
Givin' up is not my style ... no

Chorus:

The more I learn the less I know
About this thing called love
The more I touch the less I feel
It's hard to know what's real
I'm looking up and every time
I'm blinded by the sun
Can you teach me how to love

I don't wanna drift
From the touch of your lips
Feelings that I can't deny
When I look into your eyes

What am I to do
When I'm talking to you
Words are getting kinda of hard
'Cause they're coming from my heart

I can feel it coming back again
Got to give it one more try
Givin' up is not my style ... no

Chorus

I'm not giving up
I get lost some time
Got to give it one more try
Givin' up is not my style

I can feel it
I can feel it coming back again

Teach me how to love - 2/2

I'm looking up and every time I'm blinded by the sun
Can you teach me how to love

Chorus

How to love...
