

Touch - 1/1

Interprété par David Charvet.

I hear the words, people say
Now does it really matter
They say that love, is a game
That can never be mastered

But I believe
When it comes to you and me
Our unity
Is only getting stronger, if we...

Chorus:
Touch, touch, move a little closer
Hush, hush don't say another word
Just come, come together they can't stop us
If we build a love around us

Let's take a walk, through this maze
Our hearts are in the center
So take my hand, don't be afraid
'Cause were fine if were together

'Cause I believe
In time your eyes will see
Our unity
Is only getting stronger, if we ...

Chorus

No matter what it's takes
Or how long I wait
Were ment to be together
So love will find a way

If we...
Touch, touch
Hush, hush

Chorus

Touch, touch, move a little closer
