

I believe in you - 1/1

Interprété par Joe.

I never believed in dreaming, it never got me very far.
I never believed that love could find me, like an arrow through the heart.
I never believed in miracles, or building castles in the air.
Not until that day I found you, turned around and you were there.
From the day you came, you gave me, a whole new point of view.
I've been touched by an angel, it's impossible, but true.

I believe in you.
I swear that forever from today, no one will ever take your place.
I believe in you.
And I believe our love will last always.

I never believed in fairy tales, tho sometimes I wish I could,
I never believed that golden slippers could ever find the perfect foot.
I never believed in magic, or that wishes could come true,
But your very kiss changed all this, something only you could do.
You made me a believer, you made me trust again,
You showed there's a pot of gold, at every rainbow's end.

I believe in you.
I swear that forever from today, no one will ever take your place.
I believe in you.
And I believe our love will last always.

Only love, sets you free,
And if you serve to fate, then you're my destiny.
Now I know, now I see.
Anything can happen, if you just believe.

I believe in you.
I swear that forever from today, no one will ever take your place.
I believe in you.
And I believe our love will last always.
