Black night, right time  
It's all about, it's voodooonight  
Can't you feel it  
Strangers surround the voodooospell  
But you saw them close your mind  
Don't listen  
'cause big Zombie makes a night "orbit[?]"  
We're all here and break the spell  
Don't follow him  
Big Zombie seeks a "pry[?]" tonight
