

## Ariana - 1/1

## Interprété par Alphaville.

Driving down the streets, listening to the radio, what do we get

Ariana Reading the papers and the news, they scream, haven't you heard

Ariana
She rules the business, she's such a restless genuine juvenile
Everyone knows, wherever she goes
She got chique, she got class,
she got style

Arianamaniacs rule the world, haven't you heard Arianamaniacs set the scenes on fire, fire

We're goin' nutz for Ariana,
We're goin' carrazy for her
Everything glows, wherever she goes
She got sex from her lips to her toes
All the Casanovas and the zombies agree
With the hummingbirds and the beasts
from the seas
Ariana's a real sensation, when will she
be on the screen

Arianamaniacs rule the world, haven't you heard Arianamaniacs set the scenes on fire, fire
