Interprété par Alphaville.

Welcome

Or should I say good bye?

It's a question how close we are apart

Are you goin' back home

after this show

Or leaving for the wild

And when you're passing the wardrobe

What will you take?

Your worn out hat of hopes

Or someone else's attractive furs to make

it through

The playgrounds of your life?

All is shown

All shut down

All the world is gone

All the pieces came together

Finally but not too late

All is shown

All shut down

All the world is gone

Just pretend that I'm not there

Make your choice

I'll love you anyway

I'll love you anyway

Just make your choice

Pretend that I'm not there

All the world is gone

All the world is gone

Just take it

Just take it

And you'll make it

Alright, yeah

Ride on

Ride on

All is shown

All shut down

All the world is gone

All the pieces came together

Finally but not too late

All is shown

All shut down

All the world is gone

Just pretend that I'm not there

Anyway - 2/2

Make your choice
I'll love you anyway
