

Cruel - 1/2

Interprété par Toto.

What you've got, you have to steel
That's the reason
For how you feel
Consedrin' what you've done so far
I 'm rather amazed
At where you are

Lift your head up, baby
Pull yourself together
Nothing's worse than dying slow
There's no reason, darlin' ,
Reason whatsoever
That we can't end this game of touch and go

Refrain :
It's such a cruel world
When you have to thik twice,
And you're caught up in this roundabout
It's such a cruel world
When your back's against the wall and there's no way out

You're not givin' it up,
But you're givin' it out
Seems too me,
You got a little too much doubt
Augmentation,
Is what you need
Your generosity
Looks alot like greed

You might call me crazy
If you don't understand it
There's no way for you to know
You say love is hazy,
And you don't demand it
But can't we end this game of
touch and go

Refrain

You've got that kind of love,
It flows like a fountain
But sometimes love can be unkind
My kind of love, you know
It's higher than a mountain
But love can be so hard to find

Cruel - 2/2

Lift your head up, baby
Pull yourself together
Nothing's worse than dying slow
There's no reason, darlin' ,
Reason whatsoever
That we can't end this game of
touch and go

Refrain

It's such a cruel world
It's such a cruel world out there baby
It's such a cruel world
It's such a cruel world
And there's no way out

Get you right
Wanna get you right

Oh I
I see darkness in your future baby
Oh I
In a tunnel black as night
Oh I
See a rich man with his hand out baby
Oh I
Know a seer with no sight
Oh I
Watch fire burn those bridges baby
Oh I
Feel a wrong turn into right
