

Melanie - 1/1

Interprété par Toto.

Watching, drivin' through the night
I 'm all alone
Empty endless road,
A thousand miles to go
Midnight five million thoughts
Are passing in a row
Will you still be waiting here
Got only knows

I can still see you face in my mind
With every turn I take
The wind through my heart feel so cold,
As it calls out your name

Refrain :
Melanie,
nothing but the touchin'
your hair can recue me
Oh, Melanie reach inside this emptiness
And you can setme free

Morning, sun's in my eyes,
I 'm tired to your soul
One chance one solitary life,
How could I let you go
Got a phone call, or was it a dream,
A voice spoke to me
I could swear it was you that I heard
Crying desperatly

Refrain

I can still see you face in my mind
With every turn I take
The wind through my heart feel so cold,
As it calls out your name

Refrain (x2)
