

## Tale of a man - 1/1

**Interprété par Toto.**

It's been fourty days and nights sinds I heard from you

Girl I can not bring myself to ask you why

It's a fact that you're not here, I ain't accusing you

All I seek is a simple answer from the sky

See the circle spinning round

Changing colours without a sound

Helter Skelter, doomsday plan

It's just another tale of a man

Let me down, let me down in your heaven

I can really see everything quite clear

I can almost reach your hand enough to touch you

Girl I have a save and sound rhythm

See the circle spinning round

Changing colours without a sound

Helter Skelter, doomsday plan

It's just another tale of a man

(Instrumental break)

It's been fourty days and nights sinds I heard from you

Girl I can not bring myself to ask you why

It's a fact that you're not here I ain't accusing you

All I seek is a simple answer from the sky

See the circle spinning round

Changing colours without a sound

Helter Skelter, doomsday plan

It's just another tale of a man
