

Love - 1/1

Interprété par Six Pence None The Richer.

"You must be the seed.
Descend into the earth.
Searching for the union of death, and then rebirth."
But I need love.
It is patience, it is kindness.
I need love. It is rain after the dryness.
I need love. Sister Wisdom, help me see it's the one thing that I need.
The only thing that I need.

"The harvester is near. His blade is on your skin to plant a new beginning."
Well then let the cut begin.
I need love.
It is patience, it is kindness.
I need love. It is rain after the dryness.
I need love. Sister Wisdom, help me see it's the one thing that I need.
The only thing that I need.

"The harvester is near. His blade is on your skin to plant a new beginning."
Well then let the cut begin.

Let the cut begin.
