

Still - 1/1

Interprété par Sheryl Crow.

I'm still hoping you change your mind
Look in my heart, it's tears that I find
Oh I'm still hoping you would come home
Don't leave me here all alone

And lately I've been feeling down
Knowing you're out there, out of the town
And now it's becoming so clear
I can't live without you my dear

Every night, I dream it's alright
And you are still here by my side
And when I wake up
I'm alone with these tears I cry

I'm still hoping you haven't changed
And all this time that you're still the same
Oh I'm still hoping you would come soon
'Cause darling I love only you

I'm still hoping you haven't changed
And all of these years, gosh they're the same
Oh I'm still hoping you would come true
'Cause darling I love only you
'Cause darling I love only you
'Cause darling I love only you
