

## Don't Call Us - 1/1

Interprété par Sheryl Crow.

Riding in on your big horse  
You look me up and down  
Staring at me like I was some kinda  
Stranger in your town  
I was down and out, needin' a friend  
And you wouldn't even help me put my life back together again  
Don't call Us  
We'll call you

Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you  
Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you

We'll call on you

I heard you fell from grace, tumbled from your throne  
How does it feel now to be left alone?  
Now tables are turned it's sad but it's true  
Now you need somebody who'll be helpin' you  
Oye Mamacita... Verdad, verdad, it's true

Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you  
Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you

Those same people you meet on the way up  
Are the same people you meet on the way down  
Now tell me how does it feel  
When you find yourself laying there on the ground

Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you  
Don't call us we'll call you  
If there's something you need to have done we'll get in touch with you
