

Kiss - 1/1

Interprété par Vengaboys.

(When The Sun Don't Shine)

Every Friday
My head's spinnin' round and round
Been workin' all week now, baby
Yes it's my day
I take a trip downtown
To my favorite club now, baby

That's when I see you
With loving arms to fall into
But I'm not looking for full time love
There's still so much I wanna do

I only kiss kiss when the sun don't shine
Oh ohoh! Oh ohoh!
You wanna kiss kiss kiss then tonight is fine
Oh ohoh! Oh ohoh!

Can live without it
I don't want a full time love
Cause it's not on my mind now, baby
You know my freedom
Is what I'm thinking of
And I ain't got the time now, baby

Straight out of the blue
You came and asked me to
Be your date in the daytime babe
But I'm sorry no can do

(repeat chorus)
