

10 000 promises - 1/1

Interprété par Backstreet boys.

promises

Once we where lovers
Just lovers we were
Oh what a lie
Once dreamers we were
Just dreamers we were
Both you and I
Now I see you're just somebody
To spend all my time and money
What a lie, You and I

Refrain :

So what about your
Your 10 000 promises
That you have gave to me
Your 10 000 promises
That you promised me

.

Once I could handle the truth
When the truth was
You and I
Time after time
All promises turn out
To be all lies
Now I see you're just somebody
To spend all my time and money
What a lie, You and I

Refrain

You said, I'll take you back
But, I close the door
'Cause I don't want
10 000 more

10 000 promises
10 000 promises you gave to me

Refrain :
