

Roll with it - 1/2

Interprété par Backstreet boys.

Roll with it (3x) oh yeah
You've got to

Have you know that feel,
Like no one cares
When you try your best
But you're gettin' nowhere
Don't you dare
'Cuz the time will come again, hey
When they criticize
Every move you make
If it's had as much
As you're gonna take
Don't you worry
Something of things,
Will change, ooh

And when it seems
There's no, nobody
Understands a man (understands)
You let your head hang down
You're movin' just, to complain
You've got to

Roll with it
That's what you gotta do
Roll with it (hey yeah)
Roll with it (oh yeah)
You've got to
Roll with it
That is what you gotta do
Roll with it
Just roll with it
Roll with it
(You've got to roll with it)
Just roll with it

Everything will be fine
Just roll with it
It's gonna be alright
Just roll with it
Don't put yourself down
If you just can't find
Someone to trust
When you give your heart
But you don't can use
Don't you worry

Roll with it - 2/2

Your time is gonna come ooooooh
The whole world is cruel
So much to learn
So like an army in me
Though the world is a stage
Some act of fools
No woman understands
You've got to

Just roll with it (Roll)
That's what you gotta do
Just roll with it
Backstreet's say
Roll with it
Come on now
Just roll with it

All the fella's roll
All the ladies roll
Everybody roll
You've got to
Just roll, Just roll with it
You've got to (3x) Roll
