

Everytime I close my eyes - 1/2

Interprété par Backstreet boys.

Listen girl
I don't know where to start
But every word I say
Straight from the heart
I've been so wrong
Never meant to hurt you
Oh girl, I'm sorry
Of what I put you through

Girl, I'd do anything for one more chance (One more chance)
I want you back again
(Want you back again)

Refrain :
'Cuz everytime I close my eyes
I see your face
And I wonder
When you close your eyes
Do you think about me?
Now that I've realized
I want you girl and no other
Everytime I close my eyes
You're all that I see

You and I shared it all together
Each other, with all we'd ever need
(All we ever need)
I thought that you would stay
With me forever
But I took for granted
The love you gave to me
I keep on trying, keep on trying
Until the end, until the end
Baby I need you right here with me
I get you here

Girl, I'm going out of my mind
I miss you so much
I don't know what to do
(What to do)
Please stay
It's just a matter of time
Until I feel your touch
Until you let me come back to you

Think about you girl
Every day and night I'm in love

Everytime I close my eyes - 2/2

And it feels so right
I'd never meant to hurt you
Or caused your pain
I was just callin' up in that lying game
But now those days are over
I've changed our ways
And now I'm counting the minutes
I'm counting the days
Until you let me come back
Till you let me start
To find a new way
To get back into your heart

Girl I'd do anything for one more chance, (One more chance)
'Cuz I want you,
I want you back again
