

Not for me - 1/2

Interprété par Backstreet boys.

I was looking for something
On a crime scene
Where you're in too deep
I found a note with his number
It's just another clue
(that leads to you)
I got a little suspicious
I got a feeling,
that you ain't true to me
I should have known better
Than to buy your lies
(your sweet disguise)
Yeah, you can fool anyone
But I've got eyes to see
That you're not for me, babe

CHORUS

No no, uh uh
Things will never be the same again with you
No no, uh uh
Now I know what it's coming to
No no, uh uh
Cause if you think that it's the way
That love should be, let me tell you
It's not for me

No, I don't wanna be part
of your screenplay
Just tell me did you rehearse on me
Gimme the story
Baby who's to win (me or him)
Caught in the middle and I'm tired of
Your games of hide-and-seek
I'm getting the feeling
That it's time for me to leave
You can fool anyone
But I've got eyes to see
That you're not for me, baby

CHORUS

(I said no, no)

I had enough of your talk
And your games
And it won't go away
Justify my reasons to say,

Not for me - 2/2

(reasons to say...)

CHORUS
