

Shining star - 1/1

Interprété par Backstreet boys.

CHORUS :

You're my shining star
That is what you are
There is no one like you baby
Angels everywhere
Everytime you're near
You will always be my baby

Baby when you do the things you do
I wanna be close to you
'Cause I need to feel your every move, o
Baby I can never say how much
I need your touch, I can't get enough
'Cause you know
What to do to turn me on, yeah

CHORUS

Baby you're as close as close can get
And baby you know I'd let
Every single part of me be yours, Oh
It doesn't matter if the phone might ring
Cause I won't hear a thing when I'm in your arms
Cause you know
What to do to turn me on, yeah

CHORUS

I've never been so satisfied
With anything in my entire life
Cause you are doing everything so right
Oh, oh baby, I've never been so satisfied
With anything in my entire life
Cause you are doing everything so right

CHORUS

You know that I adore you
Wanna be there everyday for you
To satisfy your every needs my baby, baby
You know that I adore you
Wanna be there everyday for you
To satisfy your every needs my baby, baby

CHORUS
