

## Tell me - 1/2

**Interprété par Melanie B.**

1 - What made you  
Think I would be fooled  
I now see through you  
And you're the fool  
Tell me  
How do you  
Feel when you see me  
And I just forgot you  
There's someone new  
And that's true

I can't believe  
I was so blind, I didn't see  
That you couldn't be  
The type of man to meet my needs  
Strangest thing  
Is everyone tried to tell me  
But I did what they told me not to

2 - You nearly had my everything  
By running game on me  
You told me all I had to hear  
I thought love was finally here  
But then one day, the truth I'd see  
Your game was incomplete  
Cuz when I realized the truth  
I see you're planning a manic game from under my roof  
I don't want you!

Repeat 1

It was the saddest day  
I thought there was no help for me  
Cuz you made me think  
I wasn't worth anything  
And now I see  
You didn't have no self esteem  
I love you  
Love was Mel B's money

Repeat 2

Repeat 1

You nearly had my everything  
By running game on me  
You lied to me

## Tell me - 2/2

Why did you lie to me?  
But then one day, the truth I'd see  
Your game was incomplete  
I found out the truth  
I see you're planning a manic game from under my roof  
I don't want you!
