

Shaman's blues - 1/1

Interprété par Doors.

There will never be, Another one like you

There will never be, Another one who can

Do the things you do, oh

Will you give another chance?, Will you try, little try?

Please stop and you remember,

We were together, anyway, all right

And if you have a certain evenin', You could lend to me

I'd give it all right back to you, A how it has to be with you

I know your moves and your mind

And your mind X6

Will you stop and think and wonder?

Just what you'll see

Out on the train yard

Nursin' penitentiary

It's gone, I cry out long

Go head, brother

Did you stop it to consider?, How it will feel

Cold, grinded grizzly bear jaws, Hot on your heels

Do you often stop and whisper?

It's Saturday's shore

The whole world's a savior

Who could ever, ever, ever

Ever, ever, ever, Ask for more?

Do you remember?

Will you stop?, Will you stop?, The pain

And there will never be

Another one like you

There will never be

Another one who can

Do the things you do, oh

Will you give another chance?

Will you try, little try?

Please stop and you remember

We were together, anyway, all right

How you must of think and wondered

How I must feel

Out on the meadows

While you run the field

I'm alone for you

And I cry

The sweat, look at it, Optical promise

Heh, heh, heh, You'll be dead and in hell

Before I'm born, Sure thing

Brides maid, The only solution

Isn't it amazing?
