

Circles - 1/1

Interprété par Incubus.

You saw me lost in treading water
I looked pathetic and as helpless as a stinger without a bee
But underneath my presentation. Yeah
I knew the walls were coming down
And the stones that fell were aiming away from me

Hey what would it mean to you?
To know that it'll come back around again
Hey whatever it means to you
Know that everything moves in circles

I saw you standing in my headlights Blink blink blink
I thought I'd run you down for the weight you left on me
But then I pressed rewind, reversed and drove away
And see you, disappear in my rearview
brought to me the word reciprocity

Hey what would it mean to you?
To know that it'll come back around again
Hey whatever it means to you
Know that everything moves in circles

Round and round we go
We could know when it ends so well
We fall on and we fall off
Existential carousel

Hey what would it mean to you?
To know that it'll come back around again
Hey whatever it means to you
Know that everything moves in circles
Everything moves in circles..

Round
and round
and round
and round
and round
and round
and round
and round!
